Parent has a concern about child's SEMH

Parent contacts teacher so share concerns

YES

Feed back to parents if necessary.

Let pupil know that there is support available in school.

Teacher has a concern about child's SEMH

Teacher addresses the issue in the classroom
Resources available from DMHL, ELSA, SENDCO

Is the issue sorted?

NO

Additional in school support needed – teacher complete an in school referral form and returns it to SENDCO

SENDCO and ELSA meet to prioritise support

SENDCO and ELSA to contact parents and DMHL to inform them that pupil is part of a nurture intervention. Each intervention will be 3 weekly sessions

SENDCO and ELSA meet every 3 weeks to review the nurture support and decide if additional sessions are needed and who to see next

SENDCO and ELSA to feed back to teacher about the support sessions and the next steps.

.

Feedback to parents if necessary.

Let pupils know what other support is available in school
