Key Objectives

Our Wraparound Key Objectives:

1. To provide a thriving wraparound service that parents trust and the school is proud to recommend.
2. To provide a breadth of activities that are inclusive and ensure children want to keep coming back.
3. Provide a service that extends the school day with educational and enriching activities that means the school is a hub of community activity.
4. Structure is important – but it is also important to give children choice, build relationships and making it enjoyable for them.

More than just childcare

We're passionate about providing high quality Wraparound childcare for primary school aged children.

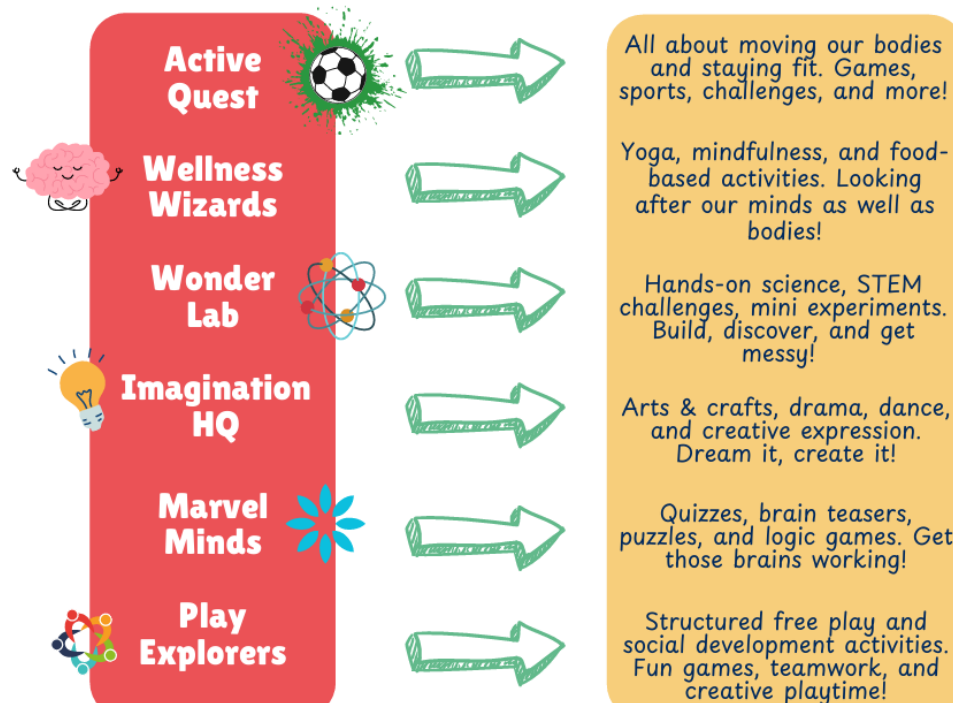

As working parents ourselves, we know how challenging it can be to balance a busy work schedule with ensuring children are cared for in a safe and nurturing environment.

At Get Active, our focus is on delivering trusted, reliable, and expert childcare that extends children's school day with enriching and inclusive activities.

Our experienced and friendly staff are trained to provide a nurturing and supportive environment that fosters learning, exploration, and fun for all children.

Activity Zone Approach

Every child is unique and we celebrate this with our enriching approach, through 6 activity zones which places the child at the centre of all of our decisions.
